## DIRECTOMETER ADHESIVE COLOR MATCHING KIT

- Comes with (2) color chip chains
- Color Muse Device
- Syncs with your phone and provides you with the best match via the DutchLock app!

Still, trying to decide what color is the perfect match for your countertop surface? Simply place the muse on the counter and it will provide three top matches in the DutchLock app. Use the chains to match up which one is the closest match!

The match provided is available as a cartridge or formula for hand mixing with RevelSeam Pro from DutchLock.
