THERMALLY FUSED LAMINATE

**Our next generation
surfacing solution.**

Modern Matte is a premium velvet touch ultra matte finish with smudge and fingerprint proof aesthetics. The advanced surfacing technology of Modern Matte offers high-definition clarity allowing the decorative to appear as it was truly intended.

Modern Matte is available on a wide breadth of Panolam surfacing solutions; available in HPL (high pressure laminate) ThruColor™ laminate, ThickLam™ phenolic and TFL (thermally fused laminate) panels.

Modern Matte the unmistakable choice for all your horizontal and vertical surfaces including high touch areas such as countertops, cabinets, furniture, panels, architectural doors, and partitions.
