

WOLF CLASSIC™

DIRECT TRUCK GUIDELINES

ORDERING GUIDELINES

Truckload orders ship directly from Wolf's manufacturing facility. Please review the requirements below in order to participate in our truckload program.

PRODUCT MIX

Truckload orders must consist of a single door style in a single color. Mixing of styles and/or colors is not permitted. You can, however, mix construction styles (Heavy Duty, ADA, Standard) on the same truck as long as the door style and color remain the same. If you need to mix styles/colors, please use our kitchen-at-a-time program. Specialty styles and colors are available only in truckload quantities. Please be sure to double-check your orders to ensure you have not missed any items. Single cabinets or quantities falling below the truckload requirement are not available.

QUANTITY

Truckload orders must fall between a minimum of 2,200 cubes (including panels, mouldings and accessories) or 220 cabinets (not including panels, mouldings and accessories) and a maximum of 3,150 cubes. Any order over the minimum — even if the style and color are part of our kitchen-at-a-time offering — will be delivered factory direct.

TIME FRAME

Please confirm current lead times with your Wolf sales consultant. Lead times may vary due to current production capabilities and product demand. Turnaround time begins once the order acknowledgement is approved. The delivery date provided on the acknowledgement is the earliest date available. If you would like a later date, please communicate with Wolf Customer Care to update your acknowledgement. Once the acknowledgement is approved, it cannot be changed. You will be contacted by Customer Care within 48 hours with a delivery date.

FREIGHT

Truckload orders are FOB from our manufacturing facility. Please request a shipping estimate early in the process to ensure you understand all costs associated with your order. If there is a delay between your estimate and order placement, please ask for an updated shipping estimate.

CHANGES

Once your acknowledgement has been approved, the order has been placed into production. No changes can be made after you have approved your order.

TOUCH-UP KITS AND STORAGE ACCESSORIES

Touch-up kits and storage accessories are available for purchase. They cannot ship on the truck with your truckload order. We will coordinate the timing to arrive near the delivery of your truckload.

UNLOAD TIME

You will be contacted with a delivery time. Please be prepared to unload the truck immediately upon arrival. There is a 2-hour window allowed for unloading. Detention fees will be charged if you exceed that 2-hour window.

Moulding Quantities

All fillers and mouldings are sold in full carton quantities. We are unable to break cartons. See the pieces per carton guide below.
