

GO SEAMLESS: ZERO-ADHESIVE. ZERO-JOINT.

Get REHAU LaserEdge™ from Stock

REHAU LaserEdge is an innovative, adhesive-free edging applied using a highly efficient laser or hot-air edgebander. It melts a color-matched, polymer functional layer creating a seamless joint between band and board. REHAU LaserEdge provides a long-term, heat and moisture resistant seam-free bond, reduces both material and labor costs by eliminating adhesives and offers customers a visually superior final product for minimal increase per job.
